

# Souvik Sarkar

SOFTWARE ENGINEER

## Profile

I am 21 years old and am studying Information Technology at the Guru Nanak Institute of Technology. I am interested in web development and various user interactive designing. It has been a while since I've worked on a web development project myself, but I'm interested in doing more in this area. In addition to Web Development, I am also interested in App Development. As part of my semester break, I started my journey as an app developer by completing some small projects. In addition, I am always on the lookout for new technologies and innovative programs. Whenever I learn something new, I'm energized by the experience.

## Education

- 2020-2024**  
Information Technology  
Guru Nanak Institute of Technology  
CGPA(till 5th sem)- 9.29
- 2017 - 2019**
